ARDGAY & DISTRICT COMMUNITY COUNCIL
MINUTES OF MEETING—MONDAY 14 NOVEMBER 2011—ARDGAY HALL

Present - David Hannah (Chair), Doreen Gibbs (Vice-Chair), Marion Turner, Alan Lawrence (Treasurer), Phil Olson, David Laver, Peter Armstrong (Secretary), Liz Cormack, Cllr Linda Munro.

1. Welcome The Chair opened the meeting with a welcome to those present.

2. Apologies - None received.

3. Minutes of the last meeting held on 10 Oct 2011 were approved with amendments.

4. Matters Arising from the minutes

Lady Ross The secretary had written to KPMG to raise concerns about the condition of the property which KPMG were now holding in sequestration, highlighting the recent removal of slates from the roof of the barn building. KPMG had written back with an assurance that any legally required actions would be taken. Following an approach from Ardgay Hall Committee, the exposed roofing of the barn had been temporarily covered with plastic sheeting. Members felt it was important that the missing slates be restored to the building as a matter of urgency to prevent deterioration of the building and possible danger to the public. Cllr Munro said she would raise the issue with the local police, who had apparently witnessed and intervened to stop the removal of the slates.

Local postbox relocation The secretary had written to Royal Mail requesting a site meeting to discuss alternative sites for the local postbox. It was hoped that this would take place within the following week.

Standing water Highland Council had again been unable to promise any imminent action on this problem. Doreen Gibbs suggested writing to Scotrail about the water at Culrain Station affecting access to trains. Chair suggested that SEPA be contacted as this was obviously contaminated water and poses a serious Health & Safety risk to those having to go through it.

Ardgay Hill-Oakwood Footpath A response is still awaited from Highland Council giving a Right of Way access over their land at Oakwood Place. Cllr Munro was liaising with Marion to seek a resolution of the obstacles to this project.

5. Correspondence

A letter had been received from Rhonwen Copley in her capacity as a director of Gearrchoille Community Wood (see 7)

A letter had been received from Jeannie Sparling raising three issues

(i) the existing flower tubs in the village needed replacement with 8 new half-barrels. The community council had already agreed to purchase these. Marion Turner would look into a source.

(ii) a concern that lorries transporting fish through the village had been emptying water in the Lady Ross car park. It was agreed to ask Jeannie to take company and registration details of any drivers seen doing this so that an official complaint could be made.

(iii) Lastly, Jeannie had expressed her surprise to see Council workers weeding pavements in the village. She felt this was work that could be done by people on community service orders or those looking for work. It was felt, however, that either of these options would be complicated by the requirement for supervision.

An email had been received from Irene MacLeod inviting the participation of local groups in the proposed Homecoming 2014 events.

Sustainable Schools Review Highland Council had invited the CC to participate in a consultation about the future of local schools.

Briefing documents had been received on the 29 Oct with an invitation to attend a meeting on the 2 Nov. No member had been able to attend the meeting. Disappointment was expressed about the short notice given and a lack of clarity in the information provided. It was also unclear why the consultation was being carried out at this time and with such apparent haste. It was agreed that the secretary should write to Highland Council to express the community council's disappointment with a lack of cooperation on this and other issues.

6. Treasurer's Update - A donation of £10 from a Culrain resident towards the costs of the CC Newsletter had been received last month but omitted from the accounts. A further £2.00 donation had been received by one of the distribution team,

Treasurer's account the current cleared balance stood at £2144.08.

Projects account the current cleared balance stood at £4052.70.

Toilets account the current cleared balance stood at £826.65, (cheque outstanding for £159.00)

7. Beinn Tharsuinn Windfarm Benefit applications

There had been one new application for support from the fund. The Friends of Migdale had submitted an application for £500 from each of the three local community councils as part-funding for their garden project at the new Migdale hospital. The group had already presented detailed plans for this project at our October meeting, and funding was now approved.

A decision on two further applications had been deferred at the last meeting. Kyle of Sutherland Development Trust had submitted an application to part-fund improvements to a property belonging to the owners of Ardgay Garage. This application was now approved on the grounds that the work would improve the appearance of the village. An undertaking had also been given by the applicants that the site would be made available for community events.

A decision on an application from Lairg Learning Centre seeking part-funding for a new management post had also been deferred pending assurances that the services offered by the Centre would be accessible to residents of Ardgay. It was noted that the Centre was to hold an information session at Bonar Bridge Hall on 19 November, and members were urged to attend this event with a view to informing a decision on this application.

A letter had been received from a director of Gearrchoille Woodland Community Association objecting to a request for evidence of how a grant made through the Beinn Tharsuinn scheme had been spent.

The request had been made to all previous recipients of the grants in a letter sent by Community Councillor Phil Olson in his role as a director of Beinn Tharsuinn, in response to concerns that there was currently an inadequate audit trail for grants made. Phil Olson hoped to have an early opportunity to attend a meeting of the GCWA to discuss the issue and clear up any misunderstandings.

8. Windfarms Update

Glenmorrie The planning application for a 43 turbine development at Glenmorrie had just been submitted to the Scottish Government. The community council had received copies of the summary Environmental Statement. It was noted that the proposal included provision of aviation lights owing to its location on a route used by low-flying military aircraft. Marion Turner would draft a response to the proposal on our behalf, and would liaise with Cllrs Linda Munro and Deirdre MacKay (East Sutherland and Edderton ward).

Rosehall The next meeting of the Rosehall Liaison Group was due to take place on 16 November. Doreen Gibbs would attend the meeting on our behalf.

Achany David Hannah and Marion Turner had attended a review meeting of the local advisory panel for Achany Windfarm, which had been well attended. Both felt that the constructive and consensual approach adopted in this development under the auspices of the Scottish Communities Foundation was a useful model for future community liaison on projects.

Sallachy A planned meeting between the developers and CC representatives had not taken place.

Wind farm mapping Marion Turner showed members maps obtained following a request to Highland Council's planning department showing the location of all existing and proposed wind farm developments. The maps were felt to be a useful resource to inform our response to future development proposals, though they did not give any impression of the physical extent and boundaries of the wind farm sites.

9. KOSDT update Lynsey Burns had prepared a digest of her activities up to October. These included work on a variety of project ideas, promotion of local jobs through an apprenticeship scheme, the development of a logo and branding strategy for the Kyle of Sutherland, and the creation of a new website for the Trust.

10. Ward Forum The next ward forum was now scheduled for January 29 at 11.00 in Lairg. As previously noted, this will be focused on housing issues – how existing resources are managed, the basis of the allocation points system, grants and benefits available, etc, and will have input from Council staff, who will also be on hand for private enquiries. Cllr Munro suggested that specific requests for information on housing issues could be passed to the ward Manager (and copied to herself) in advance of the meeting so that Council staff came with the relevant facts to hand.

11. AOCB

Community Care The secretary said he had read Cllr Munro's recent article about the future of care in the community with interest, and asked if she could briefly summarise the issues involved. It appeared that the major problem was a lack of flexibility in providing services at local level. Cllr Munro felt that a community managed service would be best placed to meet the needs of local people.

Christmas trees Liz Cormack reported that this year's Christmas trees for Ardgay and Culrain had been ordered.

Community Newsletter David Hannah asked the Treasurer if he could prepare a statement of the finances of the newsletter to date. Marion Turner would submit an article on timber lorries for the forthcoming issue.

Remembrance Day David Hannah said the events planned for Remembrance Sunday had been very successful. The police and RBLs marshall had effectively controlled traffic to allow the service at the war memorial, which was followed by a service at the local church and an exhibition by schoolchildren at Ardgay Hall, where refreshments were served. He wanted to thank Liz Cormack and Harry Brown for laying the wreath on behalf of the Community. It was agreed that a donation of £50 would be made from funds to cover the cost of the wreath and a contribution to the British Legion.

Phone Boxes BT had confirmed the transfer of two phone booths to the community through the Adopt a Kiosk scheme. The booths were located in the centre of the village outside Byeways and beside the Old Schoolhouse at Achnahamat.

Carbisdale Castle It had been reported in the Northern Times that the castle would now be reopening for business in July 2012. The Chairman noted that despite being a member of the SYHA Council he himself had received no communication about the new re-opening date.

12. Chairman's Report As this was the last meeting of the present Community Council, David Hannah thanked members for their support. He suggested that in future the role of Minute Secretary be put out to tender to allow the Secretary more time for other responsibilities.

13. Meeting to establish new Community Council - Ward Manager Andy Mackay had agreed that the inaugural meeting of the new Community Council would take place at the usual time for meetings on the 12 December 2011. Highland Council staff and at least one Elected Member would attend to Moderate the proceedings. All Members of the new Community Council would be notified in writing of these arrangements.

The meeting ended at 9.15pm. First meeting of the new Community Council will be at 7pm on Monday 12 December.

All meetings are open to the public and we would welcome your support by attending some of them to let us know how well you think we are doing in managing your community affairs.

Highland Council Apology to Ardgay & District Community Council

Sirs - Please accept my apologies for missing you out of the original circulation to Community Councils in respect of the Sustainable Schools Estates Review.

I attach above the initial invitation to the meetings which took place last week, (*available on request to the Editor*) and explains the purpose and process of the review.

In addition I attach the next set of papers, (*available on request to the Editor*) which sets out a number of ideas or possible options for the ASG and seeks views. We appreciate that timescales are tight, and as you are playing catch up will be even tighter, but it is not critical for you to respond by the deadline. I would be happy to receive views from your Community Council when you are able to submit them.

I believe the attached documents to be self explanatory, but please free to contact myself if you seek clarification on any aspect of the documents. **Graham Nichols, Area ECS Manager - Caithness, Sutherland & Easter Ross, 01408 635338**

Greetings From The Manse - May you experience the Joy and Peace of Christ in your hearts and homes this Christmas and carry that Peace with you into the New Year.

Dear Friends - I frequently am presented with a little further reading in the form of parish magazines from parishioners holiday venues e.g. English seaside resorts, remote Scottish and Welsh villages, cathedral cities and, occasionally some exotic Church of Scotland outpost on the continent. Each parish magazine reflects church life in the locality and, as such is a macrocosm of Christian community life. It can also be a marvellous channel for outreach and communication. The question then arises - are we catering for a Christian ghetto or the wider community in which we are called to be "salt" (cp Matt 5.13)

Looking at some parish magazines, I see that some churches are good at organising bazaars and jumble sales, others seem to specialise in musical events, chamber and pop. Still others major on more outdoor events - Sunday lunches, Parish holidays, Rambling Clubs - while many seem absorbed in swapping stained-glass windows or, the perennial problem of keeping the rain out! Some see their financial salvation in running a raffle at the drop of a hat or, put a more serious trust in the manifold mercies of the National Lottery. As Christmas time once again approaches and, given the current economic climate, perhaps it is fitting to ask ourselves again: What is the Church's role today? Are we mainly a money making organisation? Is the Church's role today largely social? Are we best at running whist drives, amateur dramatics, badminton matches or Saturday afternoon rambles? I am absolutely convinced that there is indeed a place for some healthy social activity within our Church life today. But, surely, if that were all, then Church life is not different from any other social club - where no doubt, they can do things far more efficiently! Does the Church serve any distinct purpose today? What is unique about its message? What gives the Church its cutting edge? In Scotland the Church's ministers have been especially set apart 'by lawful calling' [The Form of Presbyterial Government, 1645] and, the rite of ordination to the office of parish ministry for this explicit purpose. Although this is a sacred privilege entrusted to all Parish Ministers, the task of spreading the gospel is for the whole 'people of God', Elders, office-bearers and congregation. Through Christ's life-changing Gospel we receive the forgiveness of sins, a Spirit-filled and Spirit-controlled life here and now. And at the end, Eternal Life in the glories of Heaven. This is the timeless Message which gives our church and every church its unique role and, it is our duty and privilege graciously to proclaim it. As we celebrate the birth of Christ our Saviour once again it is good to remind ourselves that our church and, every church is the sole instrument of the New Covenant and, has been entrusted with the Word of God. As New Year does indeed fall on a Sunday this year, we are having a Joint Covenant service at Kincardine Church on Sunday 1st January at 10.30am. Each person that attends will also receive a free calendar for 2012. The Church does have a uniquely inspired message (Luke 24.27; II Timothy 3.14); it focuses upon the Living Word, Jesus Christ, "The Wisdom of God" (1 Cor 1.30). May experience the joy and peace of Christ in your hearts and homes this Christmas and, that you will carry that peace into the New Year. 'May the God of Peace fill you with all Joy and Hope in Believing' **Anthony**

“Good Morning Sutherland” – This service has been designed to reduce isolation, experienced by some of the over 50's, who live alone in our communities. It is a service to reassure you that someone will check on you every day, with a telephone call from one of our trained team. If your “Good Morning Sutherland” call is not answered, we will call again in a few minutes. If there is still no answer after a third call, we will contact your agreed contact person. (There is no charge for the service). Referrals can also be made from various services such as Medical Services, District Nurses, Doctors' Surgeries or local Churches, of any denomination.

Volunteers wanted – If you would like to give time to supporting and assisting with this service, or give a donation to cover administration costs. **Contact** – John McMurray, Community Outreach Worker, Wilalimar, Rowan Avenue, Dornoch, IV25 3QW, Tel 07801496609, e-mail johnmcmurray@yahoo.com

We have speakers, demonstrations and slide shows, and always a cup of tea and a chat - Contact for details – Mrs Isobel Adlard Tel 01863 766 469.

Food for Thought - After

the item - I do not know what Charles Wesley - as you will be aware - a prolific hymn writer, would make of 'modern' hymns with regard No. 2 The Methodist Church have just released a new hymn book entitled "Singing the Faith" which is hardly in line with Wesley's expressed sentiments! Why must everything change?! Submitted by a traditional Methodist.

RULES FOR SINGING

From John Wesley's Select Hymns, 1761

1. Learn these tunes before you learn any others; afterwards learn as many as you please.
2. Sing them exactly as they are printed here, without altering or mending them at all; and if you have learned to sing them otherwise, unlearn it as soon as you can.
3. Sing all. See that you join with the congregation as frequently as you can. Let not a single degree of weakness or weariness hinder you. If it is a cross to you, take it up, and you will find it a blessing.
4. Sing lustily and with good courage. Beware of singing as if you were half dead, or half asleep; but lift up your voice with strength. Be no more afraid of your voice now, nor more ashamed of its being heard, than when you sung the songs of Satan.

5. Sing modestly. Do not bawl, so as to be heard above or distinct from the rest of the congregation, that you may not destroy the harmony; but strive to unite your voices together, so as to make one clear melodious sound.

6. Sing in time. Whatever time is sung be sure to keep with it. Do not run before nor stay behind it; but attend close to the leading voices, and move therewith as exactly as you can; and take care not to sing too slow. This drawling way naturally steals on all who are lazy; and it is high time to drive it out from us, and sing all our tunes just as quick as we did at first.

7. Above all sing spiritually. Have an eye to God in every word you sing. Aim at pleasing him more than yourself, or any other creature. In order to do this attend strictly to the sense of what you sing, and see that your heart is not carried away with the sound, but offered to God continually; so shall your singing be such as the Lord will approve here, and reward you when he cometh in the clouds of heaven.

Carbisdale Castle Youth Hostel – probably won't open until July 2012!

Gledfield Primary School - Gledfield Primary Parent Council: email gledfield@scottishparents.com

Office bearers: Chair: Vacant, Vice-chair: Vacant, Secretary: Rhys Llewellyn, Treasurer: Jacqueline Sutherland. Teacher Member & Headteacher - Kirsten McGruer,

Education provision in Ross-shire is currently being reviewed, and the recent PC meeting was mainly concerned with replying to the proposals which affected Gledfield Primary School and pupils who live in the Tain Royal Academy catchment area, namely:

A new age 3-18 years campus incorporating Tain Royal Academy, Knockbreck Primary, Craighill Primary, St Duthus and nursery provision. A new Tain Royal Academy and a new separate Primary, and a new St Duthus. A combined primary school, sited at Gledfield, for pupils from Bonar Bridge, Gledfield and Edderton. The proposals which have the potential to affect future facilities for secondary education provision, received mixed feedback from parents, and led to many more questions than answers. As far as primary provision is concerned, since the Sutherland review has not yet started, and this affects Bonar Bridge Primary, it was difficult to comment. Also, there is an ongoing review of Rural Primary schools which is not complete until August 2012. This means that no changes to primary provision in the area can take place until after that report has been received.

Scottish Country Dancing - on Tuesdays from 7.30pm in Ardgay Hall please contact Doreen Bruce – Tel 01863 766852 for information.

THANK YOU - Jack.

Think of Scottish Country Dancing in this area, and you think of Jack Campbell. But something we thought would never happen has happened – Jack has decided to retire. Jack is one of the best known figures in Scottish Country Dancing in the north. He been involved in dancing since the fifties – he was asked along to a class by some friends and has never looked back – and he has been teaching the Ardgay class since 1966. In all this time he has rarely missed a class, and has attended country dancing rallies from Brora to Inverness as often as he could. Dancing was second nature to him, and the pleasure he found in his dancing and teaching was infectious. We miss his unfailing patience, especially with new members, and his sense of humour. Classes were always fun, although we learned the dances at the same time. His knowledge of the many hundreds of dances was amazing. The annual Rally at Ardgay in early March was always very popular with dances coming from far and near to his unique calling of the dances and to join in with his huge enjoyment of the evening's programme, often into the early hours as he was loth to bring the evening to an end. Fortunately, one of his pupils has been able to carry on the class, so that Scottish Country Dancing will still flourish in Ardgay.

Braemore – From: The Kyle of Sutherland against Braemore (KoSAB) Steering Group. We heard yesterday (25th October) that the Planning hearing on 1st November, at which the proposed Braemore wind farm was to be heard by the Caithness, Sutherland and Easter Ross Planning Applications Committee, *is now postponed for several weeks*. Because we did not know the actual details of the reasons for the postponement, it was decided to delay informing everyone until we knew the facts. Andy Simpson, our Chairman, has talked to the planners at Highland Council today and the facts are basically as follows; 1. Because the developer, Wind Prospect [WP], decided to reduce the number of turbines by 3 without providing new photomontages and all the other details etc etc, WP must now submit a detailed addendum to their existing EIA (pretty much a new EIA) which it is estimated will be done in around 6 – 8 weeks time (mid December). The public will then have a further period of 28 days to comment on the revised proposal. In effect we're back to "square 1". 2. In some respects it's a small victory, on the flip side of the coin it gives WP another crack at getting something nearer the mark. 3. Notice of the revised planning application will be publicised in the Northern Times, as was the original in December last year. Everyone will then have the opportunity to in effect re-object (or object for the first time if they haven't already done so). The three local councils will also have to consider the addendum to the EIA. 4. Notwithstanding, all the work, studies and reports (noise, landscape/visual and policy) that KoSAB has done / had commissioned to date, will still be valid and indeed remain invaluable. We are most grateful to everyone for their support and especially those that have donated funds so generously. Some more work will inevitably be required once the addendum to the EIA is published. 5. So that is where we are; we will continue to remain in touch /communicate with you all, though it will go quiet now until the addendum to the EIA is issued. Then please be ready to object once again!! **Colin Gilmour** Secretary KoSAB

Achany – Scottish Hydro Achany Community Fund - Recent awards have gone to:

Feis a Chaolais (£5980) to contribute towards the cost of expanding their programme in the Kyle of Sutherland over the next year. *For information contact Fiona Macleod on 01863 766386.*

Lairg Community Association (£10,000) to contribute towards the cost of staffing, rent and developing a business plan for the Lairg Indoor Play Centre. *Contact Michelle Grover-Smith on 01549 410000.*

Lairg & District Community Initiative (contact Moira Matheson 01549 402843) and the newly established **Kyle of Sutherland Development Trust** (contact Lynsey Burns 01863 766908) have also received individual awards of £10,000. As each community council area is represented by two community councillors (along with two non-community councillors) it is likely that the November CC elections may change the current membership; but at present panel members are:

Ardgay & District: Hilda Buchanan, Betty Wright, David Hannah, Marion Turner

Creich: Rosie Baxter, Claire Bruce, Pete Campbell, Christine Gordon

Lairg: David King, Barbara Watson. (David Walker and David Naman recently resigned since neither stood for re-election for Lairg Community Council).

If you wish to be considered for vacancies that may arise please contact the Panel Secretariat, Audrey Campbell, on 01863 766536. The Panel will operate three rounds in 2012 for grants of between £2000 and £10,000.

The deadlines are **12th March, 25 June and 15 October**.

Groups and organisations working in the community council areas of Ardgay & District, Creich and Lairg* may continue to apply. For Large Grants of over £10,000 please contact Rachel at the Scottish Community Foundation first to discuss your proposal on:

0141 341 4961 or email rachel@scottishcf.org *Projects must benefit people living in these Community Council areas

Grant application forms are available from the service points in Lairg and Bonar Bridge, or from the Key Commercial Services office in Bonar Bridge.

The Achany Apprenticeship Scheme continues to be available. Please contact the Kyle of Sutherland Trust's Development Officer, Lynsey Burns to find out more.

For further information about the Fund please contact any of the Panel members locally or make contact with Rachel Searle-Mbullu at the Scottish Community Foundation (0141 341 4961 or rachel@scottishcf.org) who supports the Fund's management and administration through the Scottish Community Foundation.

The next deadlines for applications are 10 October. Application forms are available from the Bonar Bridge Service Point or from www.scottishcf.org/achany. – Meanwhile if you'd like to find out more about the Fund please contact either David Hannah or Marion Turner (Community Council Members)

Rosehall - Notes From Meeting Of The Rosehall Windfarm Liaison Group - Wednesday 16th November 2011 - Matters arising since last meeting - Ongoing monitoring of noise issues mostly affecting residents in Dura - the problem mainly occurs when the wind is in a certain direction. The monitoring will continue but has so far produced little result due to lack of sufficient wind. The monitoring is being carried out by SSE but EON is taking a close interest. Skeleton crews will be on site over the winter months. Verges are being re-instated.

The route of SSE connection to the grid will be from the Windfarm to Invershin across Forestry (Braemore) land. Not via the A837. At the moment EON are waiting to finalise Way leave issues with landowner(s). At the windfarm site entrance, overhead cables will eventually be buried. The control building at the site has been completed and is ready for use (constructed by Morrisons). Sika Trails and Public Access Closed until December 2011, but it is felt that this should continue because of the closeness of the trails to the construction site, and the danger to the Public. (Health and Safety etc). This has to be resolved by negotiation with the Highland Council and the legal issues of closure to a Core Path. If approved the closure will remain until end of construction. Other notes The next newsletter will be available early December. EON will publicise when the Turbines will be delivered. (According to the schedule will be from March 2012 (but allow for adverse weather conditions). It was pointed out that the EON Turbines are smaller than other windfarms. (So they will not need red warning lights for aircraft)!! The next round of small grants to the community will be available from early December. Applications to Eon Liz Fraser for further info. NB It was mentioned that Siemens are also keen to add to this pot so there could be larger amounts available. Date of next meeting Tuesday 6th March 2012.

Fax + 44 (0) 208 332 9078, info@glenmorie.com. 17 November News - The Section 36 application for the proposed Glenmorie Wind Farm will be submitted to the Scottish Government on Friday. The submission includes the following documents: Planning Statement in support of the application a pre-application consultation report An Environmental Statement a Non-Technical Summary.

Natasha Rai, Project Manager for Glenmorie Wind Farm said: "We have carried out a thorough environmental assessment of the Glenmorie site and listened to people's feedback on our proposals. So far, we have received quite a positive response to our plans from the local community. At our last public exhibitions in May, three quarters of respondents said they supported the proposal or had 'no view'. "We have reduced the scale of our original project and carefully designed the wind farm to limit any visual impact as this was a key concern. The topography of the site means that most of the wind farm will be hidden from view from the surrounding villages, while still maintaining a suitable position for the turbines where there is good wind resource for producing electricity.

"If it is approved, this wind farm would provide enough electricity to power approximately 90,000 households. More information is available on our website at www.glenmorie.com."

Bonar Bridge Local History Society SCO 325 38 - Contact Marion Fraser. Secretary 01863 766235 - During discussion in the Westminster parliament last week on the subject of immigration, boundaries became the hot topic. Some years ago at the time of re-organisation of local government the old Parish Council disappeared and subsequently replaced by Community Councils. Administrative and electoral Boundaries may change but the Parish with its ecclesiastical origins remains constant. When Ardgay was in the County of Ross & Cromarty residents fought to retain Kincardine(parish) community council with a separate budget. The boundary separating Creich and Kincardine parishes is the Kyle of Sutherland and when the first ever bridge to span the waterway opened to traffic in 1812. The Thomas Telford Bridge at Bonar brought about the development of the village making it the hub of all the new roads also engineered by Telford. The Bonar Bridge Local History Society mounted an exhibition telling the full story in the Highland Year of Culture in 2007 at the launch of their first publication. It is now hoped that their next booklet title - Netting Bonar - will be available for the Christmas market. In the new book, suitable for scholars of all ages, tells how lands held by a landowner resident in Creich, came in to the Ownership of Balnagowan (old spelling) Estate in the thirteenth century. As the 200th anniversary of the building of Bonar Bridge approaches it is anticipated that the Telford Bridge phenomenon will be on view in the Bonar Community Hall.

Now that WINTER has come, it is time to start thinking about Winter tips for Homes and Cars.

Homes – get extra stocks of salt and grit for your paths, make sure you have extra food/water in case you can't get out.

Cars – in case you haven't done it yet check over your tyres and fit Winter ones if you are driving in snow and icy conditions, top up anti-freeze and put your emergency kit back in the car (blankets, snow shovel, bag of grit, welly boots and waterproofs, snow chains if you have them). **Safer driving.**

Timber Lorries - They are likely to be hauling timber from our area for some time yet so stay watchful for hauliers who break the agreement they have with The Highland Council. The hauliers have agreed that loaded timber lorries will not travel "in convoy" but will have a 20 minute gap between them. The reason for this is that closely travelling loaded lorries cause significantly more damage to our roads. If we want to protect our roads it is in our own interest to report those lorries who break the agreement. We have had some success with complaints. **What you have to do is:** Get as many details of the lorries as possible. E.g. registration, name of haulier. I know this is difficult when they travel so close but I have had some success by using a digital camera. Note the date, time, place and direction of travel. Email the information to Simon.young@highland.gov.uk or contact using this information: Simon Young, PI Officer, TEC Services, Highland Council, Drummie House, Golspie, KW10 6TA, Tel: 01408 635314, Fax: 01408 634041. If you think that the lorries are infringing the law then you should contact the police with details of the incident.

As next year, 2012, marks the 200th anniversary of the building of the very first Bonar Bridge – and therefore the establishing of the village of Bonar-Bridge - the Kyle of Sutherland Heritage Society are eager to hear from anyone who has any information, paintings or photographs of Bonar in days gone by, as it is hoped the Society's 2012 Exhibition will be entirely devoted to charting the two centuries since the Bridge at Bonar was built and illustrating what it has meant not just for Bonar but for the entire area once reliable road – and later rail - communications with the outside world were established. Please let the Society know what photos or other information you may have.

KYLE OF SUTHERLAND YOUTH DEVELOPMENT GROUP (KSYDG) – The KSYDG is continuing to expand its project based on the South Bonar Industrial Estate please telephone Hayley on 01863766310.

Outreach Post Office Service for Ardgay - The service operates from the Ardgay Community Hall twice a week (**Monday 1330hrs to 1630hrs and Friday 1000hrs to 1300hrs**). As the post office is a mobile operation there is only limited scope for the introduction of retail products such as stationery. Once the demand is understood then it is hoped that the Ardgay Outreach service will be able to stock a basic range of envelopes, mailing bags and posting boxes. Ardgay Outreach Post Office is operated from Alness Post Office and so the products and services on offer include:

Full range of Royal Mail postal services	Pre-order foreign currency	
Full range of parcelforce UK and international services	Stamps, stamp books	
Post Office Card Account services (pensions and benefits)	Motor Vehicle Licence discs	
Council tax payments (with a payment card)	Postal orders	
Bill payments (electricity, gas, telephone, transcash)	International phone cards	
Processing NSI savings products, including premium bonds	Christmas savings card	Budget card (to replace savings stamps)
Highland Council and housing association rent payments (with a payment card)		

Please do not hesitate to pop in and ask about the services available from your community Post Office, I'll do my best to answer your questions. **Sarah Burton, Sub postmistress – Tel 01349 884487**

ARDGAY COMMUNITY HALL - The AGM of the hall committee took place on Tuesday 1st November where some new members, Rhonwen Copley and Jeannie Sparling, were welcomed and a number of the present committee retired. Sincere thanks are expressed to Allyson Macrae, Jennifer Burnett, Rhona Macfarlane, Donnie Bain and Andrew Hill for all their hard work and commitment to the hall for over 30 years. Andrew had previously served as chairman for over 25 years. Particular thanks to Jennifer and Rhona for their dedication in their duties of secretary and treasurer for the past 25 years and to longest serving member Donnie Bain. Gregor Laing remains on the committee along with Caroline Sale, Fiona Mackenzie, Carol Shaw, Jocky Hewitt and David Laver. Rhonwen Copley was nominated as secretary and as there were no nominations for treasurer she agreed to take on the post with Jennifer Burnett remaining as booking secretary for the short term. David Laver took over from Donald Brown as chairman. A formal Constitution is being drawn up to meet legal requirements and to allow applications for grant funding to be made. **Committee** – Chairman David Laver, Caroline Sales Vice Chair/Press Secretary, Secretary/Treasurer Rhonwen Copley, Fiona MacKenzie, Gregor Laing, Jocky Hewitt, Carol Shaw, Jane Ripley, Andrew Hill, Jeannie Sparling

BOYS BRIGADE - The Boys Brigade continues through the autumn months with a large attendance and a few weeks ago they welcomed two new recruits; Finn Westacott and James Shepherd into their midst. The company meets in Ardgay hall every Friday evening at 7pm and any new members who are in primary seven or older who wish to join will be made very welcome.

The boys still had enough energy left to give the thumbs-up after climbing the 1300ft Ben Bhraggie on a sunny Saturday afternoon a few weeks ago. (from left to right) : Cameron Munro, Ruairaidh Squire, Kevin Maclean, Ryan Sutherland, Lee Mackenzie, Simon Fenn, leaders Donald Simmonds and Daniel Thomson, Liam Munro, Sam Jones, Ewan MacIennan, Steven Mackenzie and Sam Herbert.

New members in primary seven and older will be most welcome. Leaders & Helpers required. Please contact Donald Simmonds (766796) or Donald Brown (766166)

Gazebo/Small Marquee - The Community Council have a small gazebo/marquee available for hire for community activities. Contact Marion Turner or Phil Olson.

Pylons - Since first being built in the late 1960's the Dounreay to Beaully high voltage pylons have carried only three of their possible six wires. This made the pylons easily identifiable, but as planned Pentland Firth generation could reach 700MW (Jim Mather, 28 Jan 2010) the three missing wires are now being installed.

One of the first areas to see the new wires is in the hills behind Ardgay, the wires being pulled from the Mid-Fearn Estate toward the Badvoon Road. The three wires each carry one phase of a single 3-phase circuit running at 275kV for 153km strung on 474 pylons.

A big job, and the weather has not always been good making some ground conditions awkward. The contractors have assured the Community Council that reinstatement where necessary will be done.

FOR SALE – Migdale Hospital – Former Poorhouse is rich in potential.

This 'B' Listed building in Bonar Bridge, Sutherland was designed by architect Andrew Maitland and built between 1863 & 1865 and was originally used as the Sutherland Combination Poorhouse. In 1927 the name was changed to the Swordale Institution and in 1948 was handed over to Northern Region Hospital Board as part of the new NHS. It was renamed Migdale Hospital in 1958 it was replaced by a New Migdale Hospital this year. Set in 1.85 acres of land including manicured gardens the main building is 'H' shaped with central clock tower and still features the original hospital layout comprising wards, offices and private rooms. Ideal Rest & Care Home potential for ever growing 'aged' population of Sutherland.

Bell Ingram are seeking offers over £350,000 for the property. Details- www.bellingram.co.uk Tel 01631 566122.

Homecoming 2014 – The 2009 year was so successful that Scotland is planning another Year of Homecoming in 2014. Voluntary Groups East Sutherland (VGES) propose to identify a selection of events and with a co-ordinated approach produce a calendar of occasions which can be programmed, and identify the logistics and costs to allow this to become part of the event. As a result of the extensive community consultation work undertaken in Sutherland recently under the banner of the Sutherland Summit, a Sutherland Development and Action Plan has been produced as a strategic planning document for the county. (SD&AP Theme 3 Tourism Development long term aspirations fitting in to the Actions already underway). VGES have commissioned me to provoke ideas from community groups that can be included into a programme of activities to be carried out 2014. This will identify any current plans and ascertain if there is scope to enhance these with a co-operative inter-community approach. A final report will include a proposed programme with the planning and implementation suggestions with linking to costs and funding where possible. This can also dovetail with a similar report for North & West Sutherland so that the whole county of Sutherland can gain maximum benefit from Homecoming 2014. VGES wish to include groups and individuals in any sector from several different approaches, by looking at themes, interests and activities.

Are you aware of it? Is it something your group could be involved in? In what way or to what extent could you become involved? Have you any concrete ideas you could offer or would like to develop? What support/help would you need to bring them to fruition? (funding/marketing etc.) Could you be involved on a parish/district/county basis to plan a joint approach? Contact Irene MacLeod, Tubeg, Skerray, Sutherland, KW14 7TJ, E-mail tubeg259@btinternet.com Tel 01641 521219.

WARD FORUM – The Ward Forum for West & Central Sutherland takes place in Lairg on 29 January at 11.00 If you are unable to attend but would like anything raised at the Ward Forum please contact one of your Elected Councillors, Community Councillors or Andy Mackay Ward Manager – details in this Newsletter

We are delighted to announce that three of our six bids to the Innovation and Investment fund have been approved by the Scottish Government. In addition to this, HSCHT is selling land in Gairloch to Highland Council to enable their successful innovation bid for the building of 8 new council houses. HSCHT applications approved by the Innovation Fund are for the following projects:

Helmsdale Community Housing Project - 4 units for social rent. HSCHT are acting as the lead co-ordinator in this exciting community led project. Working together with Helmsdale Development Community Group, Highland Council and Albyn Housing Association, the project will provide community owned rented homes for local people.

Self Build Partnering Project - to provide 15 units for shared equity (over 5 years). This funding will provide a rolling short term finance option for self-builders to enable the provision of Low Cost Home Ownership (LCHO) through a Shared Equity Scheme. By attaching the Rural Housing Burden to the plots, the houses will be secured as affordable housing in perpetuity.

Lochaline - 2 Units. Ardonish Estate and HSCHT are working in partnership to provide a new type of affordable rent option to the area. The mid-market rent scheme will provide high quality housing that is low cost to run for the tenants. Best practice guidance will be drawn from the experiences gained on this project to assist other rural communities and estates in the future.

Forestry Commission Scotland have announced their repositioning (=selling forests and buying or leasing existing woods or bare land for planting) programme of plantation sales for the financial year 2012/3. A map and a list of the woodlands has been posted on the FCS website at: <http://www.forestry.gov.uk/website/forestry.nsf/byunique/infid-6e2kdy> Marketing of some of these woods has already begun - CWA is on the list of bodies which receives notification on individual sales, and we try and forward these to local community woodland groups as they come in.

The National Forest Land Scheme gives community groups the opportunity to apply to buy these woodlands before they are put on the open market - if you'd like advice, information or more details of what this involves please get in touch.

Walk/Cycle for Wellbeing - Cornhill Circular - This route makes a pleasant outing as it is neither too steep nor too long with a good surface most of the way. On the first very short section (5 minutes) be aware that you may meet timber lorries which use this route to bring timber out from Strathoykel. It takes about 1 hour 15 minutes to walk or about 30 minutes to cycle.

From the village war memorial go to the Carron Bridge and after the bridge fork left. The route starts on the right opposite the first house. Parking is available in the entrance to the forestry. You will be following a track for about 3km before it meets this road again. Make your way uphill steeply and leaving the tarmac take the first left along a forest track. Continue uphill and downhill enjoying the views over Gledfield, Dounie and Strathcarron.

At a wooden gate and T junction turn left downhill. Take the first left through a metal gate and continue straight ahead till you meet the Strathcarron road. Turn left to return to the start.

Follow the Scottish Outdoor Access Code:

- Take responsibility for your own actions.
- Respect people's privacy and peace of mind
- Help farmers, landowners and others to work safely and effectively.
- Care for the environment.
- Keep your dog under proper control.

If you have a walk you would like to feature in the Newsletter please email: info@ardgayanddistrictcommunitycouncil.org.uk

ARDGAY VILLAGE CENTRE - With the continued closure of the Lady Ross we are in danger of losing the "centre" of our village. If you have a good idea about how the centre of the village could be improved please share it with us. Contact any member of the Community Council. You can find a list of Community Council members in this edition.

Gearrhoille Community Woodland Association – STOP PRESS - Gearrhoille Community Wood Ardgay Wins Scotland's Top Environmental Prize for Community Woodlands - On 12th and 13th November 2011, the Community Woodlands Association (established in 2003) held its annual conference at Boat of Garten. The Association currently has a membership of well over 200 community woodlands distributed all over Scotland. On this auspicious occasion, the Association gave its first ever award for the 'Best Environmental Project' to the Gearrhoille Community Wood Ardgay for their success in converting the overgrown former curling pond into a thriving wildlife pond - as you will know if you attended the Pond Dipping and Minibeast Madness events held earlier this year. The award is something to be really proud of - not just for the GCWA Board of Directors, but also for the wider membership who have given their support to the pond project, either through their membership fees or some other form of support. This proves what can be achieved by proper community spirit. Let us hope that this tremendous achievement will inspire the people of Ardgay (and beyond) to get even more closely involved with GCWA activities. Three cheers for the community spirit!

It is pleasing to report that 2011 has seen more people using the woodland, more frequently. The new pond has now had its first birthday, and its inaugural 'Pond Dipping Event', the results of which proved how much it is benefiting the local wildlife already. Back in May, at the Official Opening Event, you will remember the storyteller, 'Mr Book' who held us enthralled in his tales. Well, he found inspiration in the Gearrhoille woodland and was kind enough to share his thoughts with us, the GCWA directors. We would now like to share them with you whilst also wishing you all a very 'Happy Christmas & a Peaceful New Year'. We look forward to seeing you in the Gearrhoille soon.

SERENITUDE

Though not silent, the air is clear,
No human pollution nor detritus here...
Undisturbed by our hindrance, this rhythm of life
Allows some escape from the world and his wife...
The calming of unquiet thoughts away from our bustle
With a swaying foliage and a breezy rustle ...
Ancient gnarled oak and anarchic Scots pine
And cotton-wool moss around branches entwine ...
Dwarven stumps rise from carpeting loam
Where once hardy drovers would wearily roam ...
In sun-lit glades of birch silverine,

Such solitude and mindful peace we glean ...
Arboreal beauty of rustic charm,
Such is the essence of bucolic calm ...
A myriad of birdsong that trills unseen,
Unhurried, unharried and truly serene...
Gentle gurgling, bubbling and babbling burns
Amidst delicate frondescence of grasses and ferns ...
Bedecked with verdure, bejewelled with bloom,
A halcyon haven to lift one's gloom...
A tranquil seclusion whose virtue we extol
In the salving quietude of old Gearrhoille ...

Nine Principals of Public Life

1. Public Service - You have a duty to act in the interests of the public body of which you are a member and in accordance with the core task of that body.
2. Selflessness – You have a duty to take decisions solely in terms of public interest. You must not act in order to gain financial or other material benefit for yourself, family or friends.
3. Integrity – You must not place yourself under any financial, or other obligation to any individual or organisation that might reasonably be thought to influence you in the performance of your duties.
4. Objectivity – You must make decisions solely on merit when carrying out public business.
5. Accountability and Stewardship – You are accountable for your decisions and actions to the public. You have a duty to consider issues on their merits, taking account of the view of others and must ensure that the public body uses its resources prudently and in accordance with the law.
6. Openness – You have a duty to be as open as possible about your decisions and actions, giving your reasons for your decisions and restricting information only when the wider public interest clearly demands.
7. Honest – You have a duty to act honestly. You must declare any private interests relating to your public duties and take steps to resolve any conflicts arising in a way that protects the public interest.
8. Leadership – You have a duty to promote and support these principles by leadership and example, to maintain and strengthen the public's trust and confidence in the integrity of the public body and its members in conducting public business.
9. Respect – You must respect fellow members of your public body and employees of the body and the role they play, treating them with courtesy at all times.

Managing Flood Risk in the Highlands www.highland.gov.uk/flooding Responsibilities (brief summary):

Owners – Under Common Law the responsibility for reducing flood risk lies with the owner of the property. Owners can be held liable if they cause flooding to their neighbours.

The Highland Council – The Council has a general duty, under the Flood Risk Management (Scotland) Act 2009 to exercise its flood risk related functions with a view to reducing overall flood risk.

Scottish Water – Dealing with surface water from homes and properties drainage i.e. water from driveways, hard standings and roofs of buildings that is drained to their sewers etc. and dealing with the immediate impact of flooding from sewers and contamination resulting from sewage overflow.

SEPA - Is Scotland's flood warning authority and provides; Floodline Tel 0845 988 1188, a 24/7 public information service, For live flood updates visit: www.sepa.org.uk/floodupdates. SEPA is required by the above ACT to carry out a national assessment of flood risk by 2011, produce new flood risk and hazard maps by 2013 and put in place Scotland's first national flood risk management plan by 2015.

This Newsletter is also available on-line at: <ardgayanddistrictcommunitycouncil.org.uk>

Let your friends and family away from home or outwith the area know about the website so they can see what is happening here too.

This is the **Fourteenth** edition of the newsletter. We hope to issue 4 x times a year: Spring, Summer, Autumn & Winter.

Copy for the Winter issue should be with the Editor by 17 February for issue in March.

This Newsletter costs £1.25 per copy to produce and is distributed free of charge. If you would like to help keep it going – with a financial contribution, donation or by advertising please contact the Treasurer or any of your Community Councillors. (To date we have received over £12 in donations from grateful members of your community who appreciated the hard work that goes into collating, producing, editing and delivering information to you all, and a lot of support from advertisers).

If we missed you out and you want to be included in future issues contact any Community Councillor or the Editor – interesting and unusual local photographs and articles are always welcome.
